Digital Monomeric Overview JT and LF 8000 Series

JT and LF 8000 Series films bring together a variety of options for outdoor and indoor decoration of flat surfaces for short and medium-term applications.

Premium monomeric 8700 printable (JT) and UV compatible laminating films (LF) are an excellent choice for customising flat surfaces. These films deliver high impact print results using eco-solvent, mild solvent, latex and UV inks, and are available in a wide selection of finishes and solvent adhesive technologies.

JT and LF 8700 Series

JT and LF 8500 Series

Monomeric JT and LF 8500 films offer reliable short-term performance, with a choice of grey, black and transparent water based adhesives and several widths and finishes.

How do we read the letters?

The first two letters show face film information:

WG White Gloss	CG Clear Gloss
WM White Matt	CM Clear Matt
WT White Translucent	CS Clear Satin

The second set of letters shows adhesive information:

PT Permanent Transparent	RG Removable Grey
RT Removable Transparent	BFT Bubble Free Transparent
SPB Semi-permanent Black	BFG Bubble Free Grey
PG Permanent Grey	UV UV compatible

JT and LF 8700 Series Premium Monomeric Films
