

- I 6MM width Super small size. Special design for small channel letters
- I DC12V,5m one roll, every 3LEDs per unit to cut
- I Powered by 2835 SMD LEDs. Low light decay.
- I Long life span up to over 50,000hours
- I Protection class of LED strip: IP20.
- I Easy installation, with 3M tape.

Part No.:	OP-NSFL2835-1260
LED Type:	2835 SMD
LED Quantity:	60pcs/m;300pcs/5m
Viewing angle:	120°
Lifespan:	50000h
Single LED Luminous (lm):	24-28LM per LED
Available emitting Color:	Warm white:3000-3500K; Pure white:6000-7000K , Cool white:10000-12000K; RED; YELLOW;BLUE; GREEN
Working Voltage:	DC12V
Power:	7.2W/m;36W/5M
IP rank:	IP20
Connect Wire:	Black & red combined wire, red wire is Anode, black wire is Negative electrode, The cable length is 150mm.
Length one roll:	5m
Max in serial connection:	≤10m
Material:	FPC

Dimension:	5000*6*2.5mm
Fixed Method:	3M Tape
